My proficiency in these sports leadership skills has been instrumental in achieving notable successes both as an athlete and as a leader, and I am committed to leveraging these qualities to drive future achievements.

36 years old. His passion is waterpolo and he's completely motivated in becoming the best player he can be since his very first years in the water.

His main goal is to be the best and the most usefull player on any team he play for. He's a hard worker with a mentality to never give up and he's a very coachable player.

Niccolo get along and respect all his teammates and coaches.

He has had career for playing in many different competitions and against many different teams. With more than a hundred caps with the major Italian national team and nine seasosons with Pro Recco he earned the experience to better his teammates and himself.

# TEAM EXPERIENCE

I have extensive experience as a water polo coach for children, where I've had the privilege of guiding and mentoring young athletes in the fundamentals of the sport. My role involves creating engaging training sessions tailored to their skill level, emphasizing teamwork, sportsmanship, and individual growth. Through positive reinforcement and constructive feedback, I've helped players develop their technique, tactical understanding, and overall passion for the game. Additionally, fostering a supportive and encouraging environment has been instrumental in instilling confidence and a love for water polo among the kids I've coached.
